[Docket No. RM 94-4]

Cable Compulsory License: Specialty Station List

AGENCY: Copyright Office, Library of Congress.

ACTION: Request for information.

SUMMARY: The Copyright Office is compiling a new specialty station list to identify commercial broadcast television stations that claim to qualify as specialty stations for purposes of the former distant signal carriage rules of the Federal Communications Commission (FCC). We published a list in 1990, and at that time we stated that we would revise the specialty station list at approximately three year intervals. We are now in the process of updating the list, and request all interested television broadcast stations that qualify as specialty stations, including those that previously filed affidavits, to submit sworn affidavits to us stating that the programming of their stations satisfies certain former FCC requirements.

EFFECTIVE DATE: Affidavits should be received on or before March 27, 1995.

ADDRESSES: BY MAIL: Copyright GC/I&R, P.O. Box 70400, Southwest Station, Washington, DC 20024. BY HAND: Office of the General Counsel, U.S. Copyright Office, James Madison Memorial Building, Room 407, First and Independence Avenue, SE., Washington, DC 20540.

FOR FURTHER INFORMATION CONTACT: Marilyn J. Kretsinger, Acting General Counsel, Copyright GC/I&R, P.O. Box 70400, Southwest Station, Washington, DC 20024. Telephone: (202) 707-8380, Telefax: (202) 707-8366.

SUPPLEMENTARY INFORMATION: Specialty station status is significant in the administration of the cable compulsory license, 17 USC 111. The licensing system indirectly allows a cable operator to carry the signal of a television station classified as a specialty station under the FCC's regulations in effect on June 24, 1981, at the relevant non-3.75% royalty rate for "permitted" signals. See 49 FR 14944, 14951 (April 16, 1984). Although specialty station status is determined by reference to former FCC regulations found at 47 CFR 76.5(kk)(1981),¹ the FCC no longer determines whether a station qualifies as a specialty station. The last time the FCC identified specialty stations was in 1976. In 1987 the Copyright Office was asked to update the list since the television industry had changed a great deal since the FCC compiled the 1976 list. Following the receipt of comments, we

¹ The FCC defined a specialty station as "a commercial television broadcast station that generally carries foreign-language, religious, and/or automated programming in one-third of the hours of an average broadcast week and one-third of weekly prime-time hours." 47 CFR 76.5 (kk) (1981).
